## RAIL WORKERS PLEAD AGAINST WAGE REDUCTION

DENY COST OF LIVING HAS GONE  
DOWN ENOUGH TO JUSTIFY  
CUT IN WAGES

ALSO WAGES IN OTHER INDUS-  
TRIES HAVE NOT BEEN RE-  
DUCED SAYS PLEA

ROBERT S. THORNBURGH  
(Written for the United Press)

Chicago, April 28—Railroad work-  
ers presented to the United States  
Railroad Labor Board today their  
plea against a wage reduction asked  
by the railroads.

They denied the assertion of rail-  
road executives that the cost of living  
has gone down sufficiently to warrant  
a reduced pay to correspond with  
schedule of wages in "similar indus-  
tries."

"The board should make no reduc-  
tion in wage rates because there have  
been no reduction in wages paid in  
comparable industries—steel and  
coal," B. M. Jewell, labor leader, told  
the board. "There has not been suf-  
ficient reduction in the cost of living  
to justify the wages that were in-  
acted to meet living costs at the time they  
were established." Jewell said the  
railroad board can not entertain a  
plea from railroad managers for a  
reduction until inadequacy in the  
management and high operating costs  
resulting therefrom have been elimi-  
nated.

## MEXICO WILL ASK FOR EXTRADITION OF CAPTURED GENERALS

(By United Press)

Mexico City, Mexico, April 28—  
President Obregon today directed  
that steps be taken for the extradi-  
tion of two Mexican generals cap-  
tured yesterday by American authori-  
ties while crossing the Rio Grande  
at Clarendon, Texas.

Military authorities here were con-  
vinced that their capture had nip-  
ped a revolutionary plot.

The generals captured were Cor-  
dido Aguilar, son-in-law of former  
President Carranza, and Francisco  
Murguila.

### Mexican Generals Captured

San Antonio, Texas, April 28—Gen-  
eral Francisco Murguila and Candido  
Aguilar, son-in-law of former Presi-  
dent Carranza of Mexico, are being  
held by United States officials at Lar-  
edo, Texas, today charged with vi-  
olating the immigration laws.

They were apprehended near Clar-  
eno near the city of Mier, Starr coun-  
ty, when they crossed the border yester-  
day for a conference with Estoban  
Cantu, chief of the new Mexican rev-  
olution which is being planned.

### GEORGE B. M. HARVEY

George Brinton McClelland Harvey,  
chosen to represent the United States  
at London as ambassador to Great  
Britain, was born in Peacham, Vt., in  
1864; began life as a reporter, and  
is now classified in "Who's Who" as  
editor, having served in that capacity  
on various newspapers, magazines and  
periodicals, some of which he owned  
and published.

### HUGHIE SMITH

Hughie Smith, city jailer of Ceding-  
ton, Ky., has no hands, but prisoners  
step lively when he speaks, and he  
needs no valet. With the hook and  
pincers (operated by a cord passing  
over his shoulders) Smith handles his  
morning cigar and newspaper, turns  
keys, and does nearly everything he  
did before the railroad accident in  
which his hands were cut off. Hands,  
he says, are "convenient, but by no  
means necessary."

## HARDING REVIEWS ATLANTIC FLEET

MIGHTY FIGHTING CRAFT STEAM  
PASSED PRESIDENT—AIR-  
PLANES OVERHEAD

RAYMOND CLAPPER

(United Press Staff Correspondent.)

Aboard the President's Yacht May-  
flower, Hampton Roads, Va., April 28  
—American naval power in the Atlantic  
passed in review before President  
Harding today.

Half shrouded in mist eleven dread-  
naughts, nineteen destroyers, eighteen  
submarines and a score of auxiliary  
crafts swept past the Mayflower on  
the bridge of which the president  
stood.

The air shook as one after another  
fired its twenty-one gun salute to the  
commander-in-chief.

Led by the mighty Pennsylvania,  
flag ship of Admiral Wilson, the long  
column of fighting ships steamed  
smartly past while overhead was an  
air fleet of sea planes playing hide  
and seek in the low trailing clouds.

Behind the Pennsylvania were the  
Arizona, Oklahoma, Nevada, Utah,  
Florida, North Dakota, Delaware,  
Connecticut, South Carolina and the  
Michigan.

Next followed nineteen prim des-  
troysers, auxiliary supply ships and  
other smaller crafts. Among these  
were the old Columbia, which served  
with distinction in the Spanish-  
American war, but now outworn and  
must be content with more menial  
duties.

### Hopes for Peace

"I wish you might never be called  
upon to fire another gun," President  
Harding declared to the officers of  
the Atlantic fleet today.

"If every government were inspired  
by the same motive as ourselves,  
there would be always peace," he  
said. He added, "but I would not  
have peace without honor, and with-  
out the consciousness that America  
is right and is protecting every inter-  
est."

Harding made the speech to the of-  
ficers on the quarter deck of Admiral  
Wilson's flag ship, after he had re-  
viewed the Atlantic fleet on return-  
ing from battle practice in Guanta-  
namo Bay.

## MILWAUKEE MAN IS BEING HELD FOR CIRCUL- ATING RED LITERATURE

(United Press)

Milwaukee, Wis., April 28—One  
man whose name is being withheld  
by federal authorities, in connection  
with the distribution of alleged May  
day uprising circulars is being held,  
according to police announcements to-  
day. Thousands of circulars are said  
to have been distributed at night,  
calling on workers to strike against  
the government May 1. Circulars  
turned over to authorities are said  
to have been headed "May Day, Red  
Labor Day."

Orders have been issued for a round  
up of all known radicals.

## THE NEXT GRAIN CROP SHOULD BE A LARGE ONE

REPORT OF FEDERAL RESERVE  
BANK MAKES THIS PRE-  
DICATION—BUSINESS BETTER

(By United Press)

Minneapolis, April 28—The next  
grain crop should be a good one the  
report of the ninth district federal  
reserve bank said today.

The prediction is based on present  
moisture and soil conditions with es-  
timate of acreage planted and to be  
planted.

The financial position of the farmer  
has improved owing to prevailing  
tendencies to change from a cash  
basis of rent to crop basis and to a  
change from cash labor to schemes  
for cooperative efforts to exchange  
labor, the report said.

There also has been a seasonable  
improvement in business activities  
throughout the ninth district but this  
increase has not been as large as ex-  
pected.

Some industries gained in volume  
the report said. There were increases  
in retail lumber sales and lumber cut  
and shipped by manufacturers. But  
they are less than a year ago.

"It is too early yet to form a con-  
clusion concerning the size of the  
building activities this spring," ac-  
cording to the report.

"There was no improvement in the  
grain conditions during March. Mem-  
ber banks experience withdrawal of  
deposits while the federal reserve  
bank lost in reserve and deposits,"  
it said.

## DOCTOR S TRYIN TO SAVE INJURED GIRLS

(By United Press)

Chicago, April 28—Doctors today  
were still fighting hard to save the  
lives of the two girls who were ser-  
iously wounded yesterday following  
the end of a weird love affair.

Hopes for the recovery of Cath-  
erine Davis, who was shot by Jeanette  
Hoy, while alighting from an elevated  
train in the heart of the loop, were  
better today. Miss Hoy has a slight  
chance to live.

Jealousy, because Miss Davis had  
spurned her companionship to room  
with another girl, was the motive ac-  
cording to police.

## DOWLING BURIED AT HIS OLD HOME

(United Press)

Olivia, Minn., April 28—Funeral  
services for Michael J. Dowling,  
widely known banker and politician,  
were held here today.

The body lay in state at the court  
house this morning. Burial was to  
be at three P. M. when a large dele-  
gation of state officials and friends  
from the twin cities arrived. Dowling  
died in St. Paul Monday.

## Flood in Missouri Drives People from Their Homes

(By United Press)

Poplar Bluffs, Mo., April 28—Water  
stood eight feet deep in homes in east  
Poplar Bluffs today. Levees north of  
the city broke under the strain of a  
flood. Thousands of dollars of dam-  
age was done. Scores of families  
were forced to flee from their homes  
ahead of the torrent which swept  
over the city.

## THINKS BEST FOR HUSBAND TO DIE

St. Paul, April 28—"It would be  
best for him to die. My life with  
him has been unbearable," Mrs. Fred  
Swaab said today. Her husband lay  
at the point of death in a hospital.  
He had carried out the oft repeated  
threat to shoot himself. They have  
two children.

## Minneapolis Man Sues for \$53,300 for Two Inches of Left Leg

Minneapolis, April 28—A. J. Rean-  
do, Minneapolis, asked \$53,300 today  
for two inches of his left leg. He  
slipped and fell on a slippery floor  
at the Jordan mud baths and as a  
result he has been crippled perman-  
ently he alleged. His left leg is two  
inches shorter than the right.

## NAVAL BILL PASSES HOUSE

ALL DISARMAMENT PROPOSALS  
WERE VOTED DOWN LEAV-  
ING PRESIDENT FREE  
HAND

(United Press)

Washington, April 28—After de-  
feating all disarmament proposals  
the house today passed and sent to  
the senate the naval appropriation  
bill which carries a total of \$396,-  
000,000. The vote was 212 to 15.

The defeat of the disarmament  
plans was accomplished by republi-  
can leaders on the ground that Presi-  
dent Harding should be left free to  
act in the manner he deems wisest.

The disarmament fight probably  
will be renewed in the senate by Sen-  
ator Borah.

## GERMANY'S VAGUE REPRATIONS OFFER NOT CLARIFIED

BY GERMAN REPLY TO BRITISH  
NOTE ASKING FOR EXPLANA-  
TION OF SAME

ED L. KEEN

(Copyright 1921 by the United Press)

London, April 28—Germany's reply  
to Britain's request for amplification  
of her reparations note was branded  
today as "highly unsatisfactory."

The British foreign office dropped  
the matter and will leave the supreme  
council to pass on the German propo-  
sal.

The German answer was said to be  
vague and to throw no light on the  
original proposal.

"The time has gone when vague of-  
fers can be considered," a foreign  
office official told the United Press.

The German offer of fifty billion  
gold marks is below the Paris total,  
according to this official, and unless  
all the terms are made clear, the  
allies will not discuss it.

## MORE RED CIRCUL- LARS ARE FOUND IN ST. PAUL TODAY

CALL FOR REVOLUTION MAY 1—  
SIGNED BY EXECUTIVE OF  
COMMUNIST PARTY

(United Press)

St. Paul, April 28—Hundreds more  
circulars calling for a "May Day up-  
rising of the workers" were distrib-  
uted in St. Paul last night. They  
were signed "Central Executive Com-  
mittee Communist Party of America."

They were different from the cir-  
culars found a few days ago but com-  
munist Party of America," tained approximately the same ap-  
peals.

"This May day we must demon-  
strate," said a number of circulars.  
"Let us resolve this May Day to pre-  
pare for the revolution."

"The government of the United  
States was established by force. It is  
maintained by force. It must be de-  
stroyed by force," it reads.

"On this May day let us prepare for  
the social revolution which is spread-  
ing around the world."

St. Paul, April 28—The united  
communist party circulars calling  
for a May day demonstration by  
workers of the world, were shipped  
here from Chicago in a trunk, Henry  
Vail, police detective said today.

He said information here was that  
circulars were shipped to various  
parts of the country from Chicago.

The pamphlets call for "overthrow  
of the United States government and  
establishment of a workers govern-  
ment."

## COMMITTEE KILLS DAYLIGHT LEGISLATION

(United Press)

Washington, April 28—Daylight  
saving legislation for many or all  
of the big time zones of the country  
was virtually killed during this ses-  
sion of congress by action of the  
house interstate commerce commit-  
tee today.

The committee voted overwhelm-  
ingly against the report of the new  
daylight saving bill.

Several eastern members recently  
have introduced bills asking that the  
daylight saving system be established  
in the east and that time in the other  
three zones be not affected.

## Mud Road Caused the Governor to Delay Trip

(United Press)

St. Paul, April 28—Governor Prew  
was kept at home by Minnesota mud  
today. He started to motor to the  
home of his parents at Oelwein, Ia.,  
but turned back and today went to  
the state penitentiary at Stillwater  
with the pardon board. Tomorrow  
he will go to St. Cloud.

He said he would abandon the au-  
tomobile trip and go to New Orleans  
by rail.

## Lady Member of News- paper Family Dies on Trip

(United Press)

San Diego, Calif., April 28—Miss  
Virginia Scripps, of La Jolla, a mem-  
ber of the family of newspaper pub-  
lishers, died at 3 a. m. today in Lon-  
don, according to a cablegram re-  
ceived by relatives here. Miss  
Scripps was on a tour of the world,  
when she became ill with heart  
trouble in Egypt. She continued her  
journey to London.

### Under Powerful Protection.

On a transcontinental Santa Fe  
train we saw two interesting kiddies,  
a boy of three and a girl of six, who  
were bound from Albuquerque, N. M.,  
to Omaha. The little girl wore a  
stout manila envelope pinned to her  
frock, with the ticket inclosed. On  
the outside of the envelope were  
their names, parents' names and dis-  
tination, and some few odd charac-  
ters, which showed they were children  
of a member of one of the world's  
mightiest fraternities. Many train-  
men belong to it, and in every car full  
of people you will see several more  
who are entitled to wear it but don't.  
These symbols would have carried the  
children from Ux to Timbuctoo, or any-  
where in the civilized world, in as ab-  
solute safety as men could furnish,  
and in every car they met men who  
would have risked their lives for them  
if necessary.—Kingston Journal.

### LIEUT. FLORA SANDES

Lieut. Flora Sandes, who fought  
through the war with the Siberian  
army and was wounded and decorated,  
came here from a speaking tour in  
Australia on her way to Siberia.

## RECOVERS MEMORY AFTER FIVE YEARS

VICTIM OF AMNESIA, WHO RE-  
MEMBERS NOTHING HAPPEN-  
ING LAST 5 YEARS

(By United Press)

Pittsburgh, Penn., April 28—Otto  
Heier had learned today that there  
had been a war, that John Barley-  
corn had been "planted", that Hard-  
ing is president and that there is a  
Mrs. Otto Heier, a bride of five weeks.

Physicians at the Mercy hospital  
here said Heier was a victim of am-  
nesia and that his mind has been wiped  
clear of all events during the last  
five years by his affliction.

Propped on a cot, smoking a cig-  
arette, Heier tried to recall the amaz-  
ing incidents he was told had hap-  
pened.

He gazed pleasantly at the pretty  
woman who has not left his bedside  
since he entered the hospital Monday.  
He had not the slightest recollection  
of having seen her before, and was  
unable to fathom the assertion that  
she is his wife. "While I don't re-  
member of ever getting married, you  
tell me the world I have got a mighty  
pretty wife," he said.

Mrs. Heier said her husband left  
home in apparently good health on  
Monday morning, but was brought  
home in an automobile Monday after-  
noon. Mrs. Heier called physicians  
who diagnosed his case as amnesia.

## Negro Arrested for Stealing a Car

(By United Press)

St. Paul, April 28—A salesman who  
saw a negro driving a big touring car  
around Wabasha, Minn., reported to  
Chief of Police Crepeau here and to-  
day the negro was languishing in the  
Wabasha county jail. He gave his  
name as F. W. Marns. The car had  
been stolen from a motor car com-  
pany in Minneapolis and the license  
taken from a car owned by R. D.  
Musser of Little Falls.

## Coal Miners Refuse Government Offer

(By United Press)

London, April 28—Striking British  
coal miners today refused a govern-  
ment offer of ten million pounds to  
guarantee wages within three shill-  
ings per shift on the old scale.

The strikers demand a national  
wage board and national pooling of  
profits.

## Investigate Neglect of Disabled Service Men

(United Press)

Washington, April 28—A sweeping  
senatorial investigation of the al-  
leged neglect of the sick and disabled  
ex-servicemen is provided for in a  
resolution introduced today by Sen-  
ator Walsh of Massachusetts. The  
resolution calls for appointment of a  
special investigating committee by  
the vice president.

## GERMANS INFLICTED 132 BILLION GOLD MARKS IN DAMAGES

ON ALLIES DURING THE WAR  
THE REPARATION COM-  
MISSION FINDS

OFFER TO PAY 50 BILLION GOLD  
MARKS IS ONLY 38 CENTS  
ON THE DOLLAR

WEBB MILLER

(United Press Staff Correspondent.)

Paris, April 28—Germany, during  
the war, inflicted damage of 132,000,-  
000,000 gold marks on the allies and  
their associates, according to the al-  
lied reparations commission, which  
completed their task today.

The German offer of 50,000,000,000  
gold marks in comparison with these  
figures is a proposal to settle her  
debt for thirty-eight cents on the dol-  
lar.

The allied bill of damage was sub-  
mitted last night to Doctor Von Vert-  
zen, German representative to the  
commission.

The reparations commission by re-  
porting the total, completed the task  
three days ahead of schedule. Under  
the peace treaty the bill of damages  
was to be ready May 1, 1921. The  
commission explained these figures  
do not represent the actual damage  
inflicted by Germany during the war  
but approximates what she is able to  
pay.

The allied experts cut deeply into  
the claims of several countries not-  
ably the South Americans which  
charged extensive damage to their  
shipping property. The claim of  
Peru and Bolivia were rejected en-  
tirely, and the Brazil bill was cut  
three-fourths. The French continued  
adamant today in their decision not  
to consider Berlin's offer to pay fifty  
billion marks as reparations.

London, April 28—The German re-  
parations proposals are "entirely un-  
satisfactory," Premier Lloyd George  
told the house of commons today.

The offer is "unanimously regarded  
as inadequate," he said, "but it will  
be thoroughly examined."

## THREE AUTO THIEVES CAUGHT AT FARGO

(By United Press)

Fargo, April 28—Fred Taylor, Glen  
Douglas and Fred King wanted at  
Huron, S. D., for grand larceny, were  
captured by police and deputies at  
Moorhead last night. All were heav-  
ily armed, and were riding in a Pack-  
ard twin-six alleged to have been  
stolen from W. R. Sample, of Los  
Angeles, Calif., at Casper, Wyoming.  
They offered no resistance and said  
they would not fight extradition.

### PRINCESS NAGAKA

Princess Nagaka, daughter of Prince  
Kuni of Japan, whose engagement to  
Crown Prince Hirohito has been offi-  
cially announced.

## THE WEATHER

Forecast for next 24 hours:  
 Minnesota—Fair tonight and  
 Friday, not much change in  
 temperature. Frost tonight.

Cooperative observers record,  
 April 27—Maximum 48, min-  
 imum 36. Reading in evening  
 36. Northwest wind. Cloudy.  
 April 28—Minimum during  
 the night, 32.

## A. O. U. W. NOTICE

Smoke Social After Meeting  
 Thursday Night  
 Everybody Come

George S. McCulloch, manager of  
 the local livestock association, has  
 returned from St. Paul where he had  
 been in attendance at a meeting of  
 the Central Livestock Shipping As-  
 sociation called for the purpose of  
 establishing a selling agency on the  
 South St. Paul market. The meeting  
 was largely attended. A board of  
 directors was elected and instructed  
 to organize such selling agency.

May Edison and Columbia Records  
 are here. Folsom Music Co. 277t6

For Ransford Taxi Service Call 560  
 or 305. Nelson-Stein, props. 278t6

Charles McCarthy, one of a com-  
 pany of brothers owning moving pic-  
 ture houses in North and South Da-  
 kota at Fargo, Watertown, Aber-  
 deen, and Grand Forks, was in the  
 city today visiting old friends. Mr.  
 McCarthy at one time was chief clerk  
 of the M. & I. offices. The company  
 intends to soon establish a movie  
 theatre in Fergus Falls. Associated  
 with Mr. McCarthy in the company  
 are John McCarthy and son, Frank  
 McCarthy and other brothers.

Sunday, May 1, the new passen-  
 ger time table goes into effect on the  
 Minnesota & International railway

and the St. Paul division of the Nor-  
 thern Pacific. The early morning  
 passenger arrives from the north at  
 3:50 a. m. and leaves for St. Paul at  
 4:20 a. m., arriving in Minneapolis  
 at 8:35 a. m. and St. Paul at 9:05 a.  
 m. Returning, the passenger leaves  
 St. Paul at 6 p. m., Minneapolis at  
 6:40 p. m. and arrives in Brainerd at  
 11:20 p. m. The M. & I. leaves for  
 the north at 12:15 a. m.

## NORTHWEST NEWS

Abandon Railroad Track  
 Duluth, April 28.—Pleas for permis-  
 sion to abandon 120 miles of railroad  
 trackage in northern Minnesota were  
 to be heard here today.

The Duluth and Northern Minne-  
 sota railroad wants to cease opera-  
 tion on the ground that it cannot be  
 operated on a paying basis.

Residents of the section insist that  
 the railroad be maintained declaring  
 it will rob them of the advantage of  
 travel and marketing they now enjoy.

The state is fighting abandonment  
 of the road because the district con-  
 tains thousands of acres of state  
 owned timber and other lands, the  
 value of which would be seriously af-  
 fected by the abandonment of the line

Obligation of Church Toward Children

Fargo, April 28.—The obligation of  
 the church toward children will be  
 the topic around which addresses and  
 discussions center today at the open-  
 ing of a two days institute of the  
 Methodist Workers here today.

## Potato Acreage Increased

Fargo, April 28.—Potato acreage in  
 the Red River valley will be increas-  
 ed 25 per cent over last year, accord-  
 ing to A. P. Probstfield, manager of  
 the Northern Potato Growers sales  
 company.

He gave as one reason the large  
 amount of potatoes still in the hands  
 of the farmer who has been holding  
 for price increases.

## Garden "Sass" Appreciated.

Very early in the history of garden  
 vegetables, or "garden sass," these  
 things were not looked on so much as  
 food as things to give savor to food.  
 It was not then understood that one  
 could work and maintain his strength  
 on such light stuff. But the older  
 people seemed to understand that  
 fruits and vegetables were good medi-  
 cine, and it is true today that garden  
 truck, though much better known than  
 formerly for its food value, is also  
 well thought of for its medicinal prop-  
 erties. Tomatoes are said to be good  
 for the liver, carrots for the complex-  
 ion, spinach for many internal trou-  
 bles, onions for the blood, and the  
 value of fruits for keeping the sys-  
 tem in good condition is universally  
 believed.

Little  
Money Saver  
Says:

You fellows who think a day in  
 the country is worth two in the  
 city—who are keen for swim-  
 ming, hunting and fishing, you  
 need a sturdy, comfortable,  
 easy-running

## FRED BEAUVAIS

Fred Beauvais, Canadian trapper  
 and part Indian, named as correspond-  
 ent in the suit by James A. Stillman  
 for divorce from "Fifi" Potter Still-  
 man.

The Seven Seas in Italy.

The Seven seas (Septem Maria) are  
 extensive lagoons of salt water in  
 northern Italy, generally separated  
 from the Adriatic by narrow strips  
 of sand or embankments, partly nat-  
 ural and partly artificial, but having  
 openings which admit the influx and  
 efflux of the sea water, and serve as  
 ports for communication with the  
 mainland. The best known and the  
 most extensive of these lagoons is that  
 in which Venice is situated, which  
 extends from Torcello in the north to  
 Chioggia and Brondolo in the south,  
 a distance of over forty miles. These  
 lagoons formerly were much more ex-  
 tensive, and afforded a continuous  
 means of internal navigation from Ra-  
 venna to Altinum, a few miles north  
 of Torcello. That city, like Ravenna,  
 originally stood in the midst of a la-  
 goon.

## POTATO MARKETING ASSOCIATION PLAN

Expected to Organize the Farmers Into Cooperative Potato Shipping Association

### MGR. A. W. AAMODT TO SPEAK

Every Potato Grower Marketing at Brainerd is Urged to Attend the Meeting Saturday

(By E. G. Roth, County Agricultural Agent)

There will be held at Gardners hall a potato marketing meeting on Saturday, April 30, at 2 o'clock, for the purpose of perfecting a co-operative potato shipping association.

The plan is to organize a local association and affiliate with the Minnesota Potato Exchange. A. W. Aamodt, general manager of the Minnesota Potato Exchange, will speak at the meeting and outline the method of marketing through this agency.

Every potato grower marketing at Brainerd is urged to attend this meeting. Adequate markets are as important to the farmer as the growing of the crop and it is to the interest of every potato grower to attend this meeting.

## \$10 FOR BEST NAME FOR SODA WATER

Brainerd Bottling Works will pay \$10.00 to the person suggesting the best name for our Soda Water. We are now manufacturing and bottling the flavors named below. We are using selected flavors only, best of cane sugar and pure artesian well water in making our goods. Our Soda Water is sold in every soft drink parlor in the city and a large surrounding territory. We want everybody to send us their suggestion. Now let's go—Who has the best name to offer? Make it short and snappy.

Mail your suggestion so it will reach our office by May 1st.

Orange  
Grape  
Cherry  
Raspberry  
Strawberry Soda  
Lemon Soda  
Cream Soda  
Lemon Sour  
Ginger Ale  
Root Beer  
Birch Beer  
Iron Brew  
Orange Crush  
Lemon Crush  
Lime Crush.

### Making Volcanoes Useful.

The volcanoes of Hawaii, whether dead or alive, are working for, or are going to be made to work for the people. Honolulu has just tapped the extinct crater of Palolo, overlooking the city, and is getting therefrom 2,000,000 gallons of drinking water daily. Hilo, on the island of Hawaii, is raising a fund to tap the active volcano Kilauea, and utilize the tremendous volume of gases there for industrial and other purposes. Scientists say that pentup volcanic gases have limitless possibilities from an industrial and power standpoint, while they also contain all the food elements necessary to sustain the human body—carbon, nitrogen, hydrogen and lime.—Denver Times.

## AUTO REGISTRY VOID

Babcock Law Eliminates Duty of Registers of Deeds, Says Assistant Attorney General

Decline applications for registration of automobiles as provided under the old statute, James E. Markham, assistant attorney general, advised in an opinion for registers of deeds in Minnesota, in answer to an inquiry from Gust F. Freeman, register at Red Wing, as to whether it was his duty to record ownership of automobiles since the passage of the Babcock amendment.

"Chapter 461 of the laws of 1921 provide that the registration shall be with the state registrar, the secretary of state, and that he shall issue the certificate on the payment of tax or license." Mr. Markham wrote: "While there is no express repeal of the 1919 act requiring registration with the register of deeds, yet the new law requiring registration with secretary of state is full and complete, and operates as an implied repeal of the previous requirement for registration with a register of deeds."

## MARKET REPORT

## CROSBY

Crosby, Minn., April 27—The Crosby Commercial club elected these officers: President C. J. French, Vice President W. VanEvera, Secretary Robert Marsh, Treasurer J. J. Oys. Directors A. L. Sheets, Hugo Almqvist and Theodore G. Johnson. The club gave a rising vote of thanks to R. A. Welsh, retiring president. The club now has close to a hundred members and is still growing. C. J. French was formerly president of the Gilbert Commercial club.

A delegation of members of the Crosby Commercial club visited the rural section north of Crosby and got acquainted with the farmers. Marketing conditions were discussed. A market for their cream is to be secured and steps may be taken to establish a creamery.

Judge B. J. Johnson was in Minneapolis on legal matters.

J. C. Plear expects to open a restaurant about May 1.

Sidney Cole of Crosby and Miss Signa Stenmark of Aitkin were married at Aitkin.

E. G. Ingalls of Minneapolis arrived Tuesday evening and visited with his mother, Mrs. Ingalls and sister, Mrs. H. L. Nicholson.

The village council at a special meeting put on the third policeman, the appointment being given to Hugo Erickson. Mr. Erickson is an ex-service man and has served 16 months in France, where he was gassed.

Mr. and Mrs. Edward Pearing are the parents of a baby boy.

E. J. Hunter motored from Minneapolis to Crosby and reports the roads fairly good.

The Mary Anne farm home on the Manganese road burned to the ground.

Mr. and Mrs. H. J. Linnemann

## KAMPMANN & SON

### SULPHUR CLEARS UP ROUGH OR RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

The most critical stage in music is the beginning, where lasting first impressions are formed.

A good toned violin is, of most importance—and not at all expensive.

## NOTICE

Sealed bids will be received by the City Council of the City of Brainerd until 8 p. m. on the 2nd day of May, 1921, for grading and paving certain streets in said city outlined in a motion adopted at a meeting of said City Council, April 4th, 1921, in accordance with plans and specifications on file in the office of the City Clerk of Brainerd.

The location of work to be done is situated as follows:

S. 7th St. from Front St. to Laurel St.; Laurel St. from S. 7th St. to S. 8th St.

The approximate amount of quantities involved are as follows:

4648 sq. yds. of paving; 1039 cu. yds. of excavation.

Alternate bids may be tendered for reinforced concrete, bituminous concrete and asphaltic types of paving. All bids must be made on blank forms furnished by the city and each bid must be accompanied by a certified check or bidder's bond, payable to the City Treasurer of the City of Brainerd for at least 5 per cent of the total amount bid.

Plans and specifications may be seen and blank forms of proposal obtained at office of City Engineer of the City of Brainerd.

The right to reject any or all bids is reserved by the City Council.

## Dickens and Thackeray.

Gilbert K. Chesterton, who is a great admirer of Dickens, has this to say of him:

"Now, the interesting thing is this: That Dickens, whom so many considered to be a vulgar enthusiast, saw the coming change in our society much more soberly and scientifically than did his better educated and more pretentious contemporaries. . . . There is no trace in Thackeray of the slightest consciousness that progress could ever change his direction. There is in Dickens. The whole of 'Hard Times' is the expression of just such a realization. It is not true to say that Dickens was a Socialist, but it is not absurd to say so. And it would be simply absurd to say it of any of the great individualist novelists of the Victorian time. He felt the society changing; and Thackeray never did. . . . Now, for this reason Dickens must definitely be considered in the light of the changes which his soul foresaw. Thackeray has become classic; but Dickens has done more; he has remained modern."

## Treatment for Hip Disease.

Hip joint disease in children has been looked upon as almost always due to tuberculosis of the bones of the joint. But Dr. Halfdan Sundt, who is medical superintendent of Fredriksholm Coast hospital in Norway, has recently published a pamphlet in which he asserts that 43.4 per cent of such cases are not tuberculosis at all. Immobilization for a long period has been the standard treatment, but Dr. Sundt divided his cases into groups, one of which he allowed to run about freely with no treatment, and he found after three years' observation that the final results were just as good in those as in the other cases.

## Serious Matter.

"How did you like my film play?" "Good comedy," said the professional humorist. "Good work." "But you didn't laugh." "A brother Louis never laughs a good work."—Louisville Courier-Journal.

## Iodine Stains.

Iodine stains, new or old, can be removed from wooden material by dissolving cornstarch in cold water and applying. Let dry and brush off. Repeat if necessary.

## CHIROPRACTIC HEALTH BREVITIES

There are 210 mechanical movements known to workmen. All are modifications of those occurring within the human body.

In the human machine are parts which in principle are like all the bars, levers, joints, pulleys, pumps, pipes, wheels, axes, bearings, sockets, beams, girders, trusses, arches, columns, cables, and supports known to science. Man's mechanical works are but adaptation of principles to the form and action of the body.

WHY NOT ADJUST THE HUMAN MACHINE TO THE CAUSE OF ITS DISEASE AND AILMENTS?

**A DRUGLESS HEALTH SCIENCE**

Provides an art of skilled adjustment by hand for the removal of the cause of disease. Cures that follow necessarily result from Nature as no drugs or remedies are used or recommended.

## THE SPINE

The spine is a barometer wherein many signs can be read indicating the patient's condition, and even advance signs of probable future disorders.

## AMUSEMENTS

## At the Lyceum

Piquant with refreshing humor, well-sprinkled with thrills and interest-gripping situations, Bebe Daniels' latest picture play "She Couldn't Help It," recalled to hundreds at the Lyceum theatre last night, memories of the story's great previous success as a novel and stage play under the author's title, "In the Bishop's Carriage."

Perhaps few stories have more cleverly combined the entertainment elements of humor, pathos and strong drama than this one. One sympathy is enlisted from the beginning and held throughout a well-planned series of complications which allow a great deal of comedy to be interlarded with tense emotional moments.

Miss Daniels is convincing and sincere as "Nance Oiden," the pick-pocket orphan, while Herbert Standring runs her a close race for first honors as the kindly old bishop, terribly embarrassed to find a beautiful girl riding uninvited in his carriage. Z. Wall Covington is laughable as a tourist returned from "a business trip" to Cuba, while Helen Raymond, of "Twin Beds" fame, is his stern and unyielding wife. Other players who pleased last night include Wad, Boteler, Emory Johnson, who has the male lead, Gertrude Short, Milla Davenport, Vera Lewis and Ruth Renick. Maurice Campbell directed the offering, the scenario being by Douglas Bronston.

"She Couldn't Help It" will play for two more performances tonight.

## Vaudeville at New Park

Tonight is vaudeville night at the New Park, and a fine program is promised.

The first number: Rouble Sims is a cartoonist, comedian and raconteur, equally proficient in these accomplishments, who presents an offering, in which, while cartooning, indulges in a continual line of patter replete with sparkling humor and repartee, covering the various subjects he is drawing as well as some topics of the day.

The second number is "The Girl and the Goof," man and woman comedy singing, harmony and talking. Both are talented and have good voices.

The third number, Prather and Wiley, offer a comedy singing and talking act of the sure fire type. The male member is a clever comedian of merit and originality, and his natural wit and sayings always is the cause of much laughter. His songs are for laughing purposes only. The lady is an attractive and pretty Miss, and possesses a beautiful voice.

FRIDAY & SATURDAY **CHARLES RAY** in "THE OLD SWIMMING HOLE"

and wears some stunning gowns that are creations.

Violet and Lewis, the 4th number on the program, are "comedy novelty acrobatic Aerialists." Miss Violet is an exceedingly pretty and attractive young miss of diminutive appearance, who, despite her stature, is a marvel in muscular strength and unusually agile and Lewis is a young chap, whose funny antics and funnier falls

mark him as a splendid comedian and excellent acrobat. The personnel of this team of entertainers who present an offering under the titular billing of "Comedy Novelty Acrobatic Aerialists," in which Miss Violet features shoulder dislocations and other remarkable feats on aerial rings and

ground acrobatics with a riot of comedy pervading it all.

## Excellent Definition.

"Envy," said Jud Tunkins, "is what makes people have more trouble bearin' other folks' prosperity than their own misfortunes."

## MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, her husband says: "My wife feels fine now and has gained weight. It is a wonderful stomach medicine." Adler-ika acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. Johnson's Pharmacy.

### THE ROMANCE OF HELIUM

A group of United States balloons recently left for Italy to bring back a huge dirigible balloon, purchased by the government to form a part of our fighting equipment. Addition of this great flying ship to our "air navy" will probably call into use helium gas, one of the materials which chemists, urged on by the needs of the World war, produced in large quantities where only infinitesimal amounts were available before.

Helium, this new incombustible balloon gas, so called because it was discovered on the sun 30 years before it was identified on earth, which promises to revolutionize the science of ballooning, is the subject of the following communication to the National Geographic society by Dr. G. Sherburne Rogers:

"When the United States joined the allies, the military value of helium was at once brought to the attention of the army and navy authorities, and a vigorous campaign was begun for the production of helium in quantities.

"The two main problems were obvious: first to develop methods of extracting helium from natural gas; and, second, to determine the geologic occurrence of the gas, and so to locate adequate supplies.

"Late in 1917 two small experimental plants using different methods were erected in Fort Worth, Texas, to treat the gas of the Petrolia field; and some months later a third plant, using a still different method, was erected in the field itself.

"As the apparatus used in all the processes of extracting helium gas for balloon purposes requires rather delicate adjustment and manipulation, some time was naturally consumed in determining the most efficient working conditions; but just prior to the armistice the first shipment of 150,000 cubic feet of helium, compressed and stored in steel tanks, had been started to Europe. This was enough to fill four of the ordinary kite balloons, though large dirigibles require one to two million or more cubic feet of gas.

"Although quantity production of helium was achieved just too late to be of value in the actual hostilities, it was in itself a great accomplishment, for the world's total output of helium up to 1915 was probably less than 100 cubic feet, the market value

of which was about \$1,700 a cubic foot. Our helium can be produced by the first two methods developed at less than 10 cents a cubic foot, and if the third process fulfills expectations, this figure will be still further reduced.

"The details of the process of extracting helium are highly technical, but the general scheme is easily understood. All of the main constituents of natural gas, including the nitrogen, become liquefied when cooled to about minus 328 degrees Fahrenheit; but the helium remains a gas at this exceedingly low temperature and is thus easily separated.

### Buddhist Priests Tame Fish.

There is a certain bend of a certain river in Burma, where the fish are venerated, tamed, treated as pets and called to meals by priests. Just why this particular bend of this special river should be so signally set apart is not known, but as these priests are Buddhists there is perhaps a connection between this favoritism and the fact that in every land where Buddhism is the faith, there are certain places dedicated to Buddha, and strange superstitions woven about the place. These fish are a species of catfish which grow to a large size, and they swim to the bank when called. The priests not only feed the fish, but they pet them as we do a dog or a cat. Some are so tame they do not even squirm in fright when they are picked out of the water and gently handled.

### The President's Home.

The name White House, applied to the residence of the President of the United States, came from the fact that the building is constructed of freestone and is painted white. During the administration of Presidents Harrison and McKinley the term executive mansion was used by White House officials. President Roosevelt returned to the name White House.

Poisoned by Thousands  
(By L. W. Bower, M. D.)

Backache of any kind is often caused by kidney disorder. Poisonous matter and uric acid accumulate within the body in excess, overworking the kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, and lack ambition to do things.

Simply ask your druggist for "Anuria" (anti-uric acid) Tablets if you aren't feeling up to the standard. If you have lumbago, rheumatism, dropsy, begin the treatment immediately. The physicians and specialists at Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., have thoroughly tested Anuria and you can send for them for full brochure.

Buy Your Coal Direct  
From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 538 Como Building, Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use.
